Prominent Men Tour South

Their Purpose to Make An Exhaustive Study of Negro Business and Educational Development

An Interesting Trip From Every Angle

CHAPTER VI.
We arrived in Atlanta on Friday morning at 1:00 o'clock and so anxious were some of our party to see some sections of this bustling city which is justly termed "The New York of the South" that they refused to retire, but sat up discussing the stirring events and lavish entertainment of Tuskegee. As soon as our car had been parked for our stay in the city a number of the young bloods including Drs. D. M. Miller, Howard M. Smith, E. C. Bunch, B. B. Ramsey, J. E. Miller, made it up to the famous Decatur street where everything keeps open all night and as many Negroes apparently can be seen on the street at 1:00 o'clock in the morning as at 1:00 o'clock in the afternoon. They came in about 6:00 o'clock the same morning telling us what a wonderful city, Atlanta was by electric light. Charges were immediately filed against them by Prosecuting Attorney C. H. Calloway and Judge J. W. Hulse assessed a maximum fine and costs against each one of them for being absent without leave. At 8:00 o'clock the local committee called with automobiles and escorted us to Auburn street, the great business thoroughfare of our people where we were served a delightful breakfast, our party being equally divided between two of the leading Cafes in the city, either of which is a credit to Atlanta. After

formal introductions and a visit to the famous Odd Fellows building where we met the representatives of the Negro Business League of Atlanta, we started on one of the most strenuous sight-seeing trips we had experienced on our tour. As is well known Atlanta vies with Nashville as the Athens of the South and here are located many of the most famous Educational Institutions of the race. We visited several of the Public schools and also the following famous Colleges: Atlanta, Morehouse, Spelman, Morris Brown, Clark, and Gammon; and also had an opportunity of having presented to us by such men as Dr. C. B. Wilmer, Dr. R. O. Flynn, and Dr. H. R. Butler (all white) and Mr. W. J. Trent, Y. W. C. A. Sec'y; the Interracial Committee had a special meeting held at 12:00 o'clock in Big Bethel A. M. E. church. After luncheon our party strolled through the business district and were surprised by the number and variety of businesses as well as the large amount of business property owned by the race. Here we visited one of the most complete laundries to be found in the country, a chain of stores under the name of United Commercial Co., of which Mr. S. F. Coopers is Secretary; the Book Concern of the Congregational Church, the offices of the famous North Carolina Mutual Life Insurance Company possibly the largest com-

pany in the South, two of the finest Drug Stores in the United States, a beautiful theatre in the Odd Fellow Building Annex, the Atlanta Savings Bank which has deposits of \$350,000 of which Mr. J. O. Ross is President and W. J. Shaw, Cashier; also the spacious offices of the Standard Life Insurance Company in which sixteen of our party carry policies. This company employs more than a hundred clerks, stenographers, bookkeepers, actuaries and other officials in the handling of its great volume of business and is presided over by that wizard of finance, who is a very pleasing gentleman to meet and who apparently took pleasure in explaining to us fully the minute details of the workings of this great institution. We also visited the Colored Invention Promoting Company which manufactures a number of very useful and essential household necessities and also viewed a number of the homes erected by the Standard Loan and Realty Co., which has a capital of \$100,000. We visited the new Y. M. C. A. building, a beautiful structure splendidly located which had its formal opening on the 20th of May. We also met many people who had friends or relatives living in the two Kansas Cities.

At 7:00 o'clock we were tendered a most elaborate banquet on the roof garden of the magnificent Oddfellows Building, a structure whose beauty and elegance it would take a whole chapter to describe, but we'll only say every room in this great structure which occupies an entire block is taken. Its elevators are operated by uniformed girls, day and night and within it is every modern convenience for the comfort of its tenants and their patrons. Here assembled more than one hundred of the business men and women of Atlanta and the men was all that the heart could desire. Mr. Chas. A. Shaw was Master of Ceremonies and after a word of greeting from Hon. J. L. Wheeler, brief responses were made by Mr. N. C.

JOHN DONALDSON,
Premier pitcher of the Kansas City Monarchs, and the greatest all-round ball player in the world today, at least that is what the Kansas City fans say.

IN MEMORIAM.

In sad but loving memory of John Henry Hughes who passed out December 13, 1919.

I know what it means to be lonesome dear,
I know what it means to be blue;
I know what it means to long in my dreams,
For you dear husband, just you.

I have sighed and I have cried since you left me,
No one knows what I have gone thru;
I would give all I own, just to have you back home.
I'm lonesome, so lonesome for you.
Sadly missed by loving wife,
Mrs. John Henry Hughes.

PAN-MO. MEDICAL ASSOCIATION.

The Pan-Missouri Medical Association which held its sessions in St. Louis, Mo., last week were the most successful and largely attended in its history, much credit of which was due to the untiring efforts of the retiring secretary, Dr. C. A. M. Kane, of Kansas City, Mo. Among the physicians, dentists and druggists of this city who attended the meeting were: Drs. J. E. Perry, T. C. Unthank, J. F. Shannon, T. A. Jones, G. W. Brown, T. C. Brown, C. A. M. Kane, E. R. Eagleston, E. S. Lee, W. H. Bruce, J. H. Williams, W. J. Thompson, L. P. Richardson; Dr. T. C. Brown of Kansas City, Mo., was elected president and Dr. J. T. Caston of St. Louis, Mo., the retiring president, was elected secretary for the ensuing year. There were a number of papers on the program during the three days' session, all of which were interesting and on a high plane. Dr. S. L. Carson for many years assistant surgeon at Freedmen's Hospital, Washington, D. C., was special guest of the Association.

WEALTHY CITIZEN PASSES OUT.

One of the most prosperous colored citizens of Kansas City, Kansas, Mr. Nat Singletary, passed away last Friday morning at St. Margaret's Hospital where he had been confined for more than a month with illness. The funeral services were held Wednesday at 10:00 a. m. from the family residence, 1113 North 11th street, the Reverends J. F. Griffen and D. A. Holmes officiating. He leaves a wife, daughter, mother, two sisters, one brother and many friends. Mr. Singletary was perhaps one of the wealthiest colored men residing in this city.

SPECIAL TO SUN.

Bulletin. By a vote of twenty-three to twenty, with ten members not voting, the Republican National Committee this afternoon refused to place the regular Republican delegation, from the Fifth Missouri district, on the temporary roll of the Convention. Immediately after this vote was taken the committee unanimously voted to put neither delegation on the temporary roll. The vote resembled one heroic effort on part of the Wood forces supported in the matter by scattering votes from committeemen favorable to other candidates who were misled as to the facts in the case, to save the face of their pet delegation. At the situation now stands the next move of the Fifth district forces must be made before the credentials committee of the national convention. Committeemen deny that their action is in any intended to prejudice the case of the regulars, their attitude is that the trouble in the Fifth district should be settled by dictates of party interest within the district and not referred to either the national committee or national convention to settle by force.

SPECIAL TO SUN.

Bulletin No. 2, Wednesday: Perry W. Howard and his group of associates in the Republican organization of the state of Mississippi received another set back to their ambitions for party leadership in that state when the Republican national committee decided the contest over delegates at large against their interests. The committee voted to seat the Mulvihill Delegation containing Mulvihill, the present national committeeman, Isaiah T. Montgomery and Dr. Sherrod. The facts appeared to be against the course taken by the committee in this case. Before the hearing began it was decided that the issue should be determined in favor of the applicant for convention seats also could show that their convention was called by a majority of the Mis-

issippi state committee. A subcommittee of five members, with James of Arizona as chairman, examined the proofs submitted and then reported that the result showed that of the fifteen members participating in the call whose seats were uncontested, eight had signed the Howard call, six the Mulvihill and one both, and then the committee voted not to seat the Howard delegation.

DR. BUNDY LECTURES AT PLEASANT GREEN.

A capacity audience greeted Dr. LeRoy M. Bundy last Wednesday night at the Pleasant Green Baptist Church and heard one of the most pathetic as well as highly interesting lectures ever given in this church. Dr. Bundy so clearly presented his case to his audience that when he had finished a contribution of \$75 was given him. He left immediately for Cleveland, O., where he will deliver a series of lectures.

CARD OF THANKS.

I am sincerely grateful to my many friends and neighbors for kindnesses rendered me during the illness and death of my dear husband, George Cesar, who passed away May 17, 1920. I especially thank the Hodcarriers' Union and also all those who sent floral offerings.
